For over a decade, I have been a member of several City Commissions and boards in Glendale:

My priorities are:

- *Public and traffic safety
- *Maintain and improve city infrastructure and services
- *Smart growth and sustainable budget
- *Protecting our neighborhoods

In my 28 year career in private sector along with my leadership positions in several large companies with over 80 employees, has given me the experience and knowledge to make crucial decisions, not only in my profession, but also in other governing positions.

I enjoy coaching youth soccer teams, collecting sports memorabilia and historical artifacts, and spending quality time with my family.

I feel blessed to live, work and raise my family in Glendale. Being a business and property owner myself, I have a vested interest in our community to improve the quality of life and protect our neighborhoods in our Jewel City.

I am asking for your vote of confidence.
